

*FLEX REGISTRATION

G-I & SEI recognize that companies and organizations need to balance educating their employees against non-billable hours spent out of the office.

The FLEX Registration package consists of four (4) registration badges, which will be assigned to the company or organization rather than to an individual. Each badge can be passed easily among several employees, enabling partial or full-day attendance, depending on your organization's need. Full packages must be purchased and additional badges cannot be added. Name badges will have the company or organization name only, not the attendees' names.

FLEX Registration package includes the following:

Access to technical sessions for individuals wearing FLEX badges

Exhibit Hall access including a.m. and p.m. Networking Breaks for individuals wearing FLEX badges

1 copy of Proceedings CD

4 tickets to the Sunday Welcome Reception in Exhibit Hall

4 tickets to the Tuesday Lunch in Exhibit Hall

4 tickets to the Closing Plenary Luncheon

Guest registration, and student and young professional events cannot be added to the FLEX Registration Package. Additional tickets can be purchased for other events where tickets are required; see page 13 for Additional Event Ticket prices.
